Cash Back Rewards Program

We are excited to introduce you to our Cash Back Rewards Program. Here is how it works, the more work you do with us the larger the cash back reward you can earn in each month. We will send one check at the end of each year for the total accumulated monthly earnings. This is a great program to reward you for sending your work to us.

If you wish to pay your lab bill with a credit card, the cash back earnings will be decreased by 2%. In order to receive the cash back reward, we must receive your payment in full by the 15th of the month following the billing statement and have no outstanding past due balance on your account. This will be figured on an individual Doctor account basis and not a combined practice total. If you have any questions on how this program works, please feel free to give us a call. 1-800-3255

For a monthly billing of \$1,000 - 2,999 = 1% cash back reward
\$3,000 - 4,999 = 2% cash back reward
\$5,000 - 6,999 = 3% cash back reward (cc 1%)
